“ "My mom was always there for me, through the fun times and the hard times. She always told me to do my best in everything I do, and now I actually have a reason to. I promised her that I would go to college, and become something great. Mom, we will always miss you and love you. You will always have a place in our hearts. We will all still remember everything you done for us and we have done for you, but we still had so many things planned for you and the family, I just wished we had the chance to. We love you, Mom!"

Love Always,
Your 1 and only Daughter,
Autumn Furman

“ Chastity was loved by many and by her sister in law...her and I use to be so close she went
To every appt with me in my first pregnancy and was there for the birth of 2 of 3 of my daughter's. I wish I would have told her how much she was loved by myself and her 3 nieces but regretfully I never did
Chastity, we love you and will be sadly missed by soo many...
Love you always,
Your sis in law
